

Subject : Conduct of Master Medical Health Checkup in IOA on 10.12.2022.

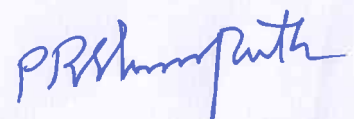

The subject of conduct of Master Medical Health Camp in IOA for our Members on 10.12.2022 was discussed in the EC Meeting. There is an agreement between IOA and Medall for doing medical checkup for IOA Members at a cost of Rs.850/-. Since all the EC Members requested to have ECHO Cardiogram test also along with the other medical tests, revised quotation has been obtained from Medall and Medall has quoted Rs.1,800/-. However, on negotiation it was reduced to Rs.1,450/- per person.

During the discussion in the EC Meeting, EC members have requested to include T3 and T4 also along with TSH. The revised quote by Medall is Rs.1,550/- per member. This increase from Rs.850/- to Rs.1,550/- is due to T3, T4 tests along with Thyroid TSH and inclusion of ECHO-Cardiogram. In order to compare the rate quoted by Medall for the following tests with Neuberg Elrich, quotation was obtained from Neuberg Elrich. They have quoted Rs.1,950/- per member exclusive of T3 and T4. On comparison, the rate quoted by Medall is reasonable and hence decided to approve the rate quoted by Medal for Rs.1,550/- per member.

Therefore EC resolved to approve Medall to conduct Master Medical Health Checkup for IOA Members with a cost of Rs.1,550/- per Member for the following medical tests:

1. Complete Blood Count (CBC) with ESR
2. Glucose Fasting (FBS)
3. Glucose –Post Prandial (PPBS)
